SAMROON JESPER

REACT & REACT NATIVE DEVELOPER

PROFILE

Email: samroon1510@gmail.com   **Phone:** +92-3081565054

Address: Canal Park, Gulberg ll Lahore

LinkedIn: https://www.linkedin.com/in/samroon-jesper-6b4331254/

SUMMARY

Web & Mobile App Developer with expertise in **React.js, React Native, JavaScript (ES6+),** and **state management (Redux, Zustand, React Query)**. Familiar with **RESTful APIs, PostgreSQL, Prisma ORM,** and third-party integrations (**Google Maps**). Proficient in performance optimization (lazy loading, memoization, code splitting), **responsive UI/UX design,** and debugging tools (React DevTools). Good understanding of **Git, GitHub,** and best coding practices. Dedicated to ongoing learning and tech innovations

TECHNICAL SKILLS

- React.js, React Native
- HTML5, CSS3, JavaScript (ES6+)
- TypeScript
- Responsive Web Design (RWD)
- UI/UX Principles
- Redux, Zustand, React Context API, Async Storage
- RESTful APIs, React Query
- Authentication (JWT, OAuth, Firebase Auth)
- Git, GitHub

PROFESSIONAL EXPERIENCE

Rhodium Tech   **July 2023 - Present**

- **Developed responsive web & mobile apps** using **React.js, React Native, and TypeScript** for a seamless user experience.
- Optimized **RESTful APIs** with **Axios, React Query, Redux, and Zustand** for efficient data handling.
- **Built reusable UI components** with Styled Components, **Tailwind CSS,** and React Native Paper to enhance maintainability.
- **Implemented authentication** flows **(login, signup, OTP, password reset)** using **Firebase Auth & JWT.**
- **Improved app performance** with **lazy loading, memoization (React.memo, useCallback, useMemo)**, and reducing re-renders.
- **Integrated Google Maps, FCM push notifications** to enhance functionality.

KEY PROJECTS

Verte Charge

- An electric vehicle charging platform, allowing users to find and book nearby charging stations and schedule charging sessions.

SnackOut

- A restaurant reservation and food ordering application, enabling users to reserve tables, order food, and manage group orders efficiently.

EDUCATION

Corvit Systems Lahore   **Nov 2021 - August 2022**

Information & Technology Training Institute

- Web Development (HTML5, CSS3, JavaScript (ES6+)
- Mobile App (Flutter - Dart Language)

Associate Degree in Sciences (ADS)   **May 2019 - August 2021**

Punjab University

- Two-year degree in Mathematics, Statistics & Computer Science with a strong analytical and technical foundation
